2016 NEWSLETTER

WELCOME TO THE BOROUGH OF GLEN GARDNER *Hunterdon County, New Jersey*

Dear Residents and Friends:

The Borough of Glen Gardner is pleased to bring you this first edition of our new Borough newsletter. We extend a special thanks to the businesses and professional members of our community whose support through advertising has made publication of this newsletter possible at no cost to our taxpayers. Please support the local businesses that support the Borough.

We would like to take this opportunity to encourage all residents of Glen Gardner to contact the municipal offices for any assistance you may need. Community service is a priority to us at the Borough.

The past three decades have seen our community reinvent itself as an attractive and charming place for families to live and businesses to operate. Our success has been achieved by preserving and enhancing the valuable heritage of Glen Gardner.

The Borough is and wishes to remain a financially responsible community which promotes citizen and business involvement for the betterment of quality living. We continue to grow as the entire area grows. Your elected and appointed officials strive to maintain the pride, progress and tradition that has made the Borough of Glen Gardner what it is today while preparing a better community for tomorrow.

Finally I would like to say thank you for the past 30 years. It has been a pleasure serving the Borough and residents as your Mayor.

FRIENDLY REMINDERS FROM THE GLEN GARDNER FIRE DEPARTMENT

- Please have your chimneys cleaned at least once a year.
- Remember to change the batteries in your smoke detectors & carbon monoxide detectors once a year.
- Did you know that smoke detectors and carbon monoxide detectors are only good for 10 years?
- The Glen Gardner Fire Dept. is always looking for volunteers. Meetings are held Monday & Thursday evenings from 7pm-9 pm at the firehouse located at 2168 State Highway 31. Feel free to stop by for further information!

Visit the Glen Gardner Fire Department's website at: www.12fire.com

FIRE EMERGENCY PREPAREDNESS!

Keep your driveways clear of overgrown trees and vegetation that could prevent fire truck access to your home. Trimming back overhanging trees a minimum of 12' high and 12' wide will allow access for large emergency vehicles. And remember to post your house number at the beginning of your driveway.

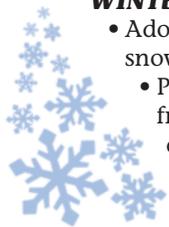

SAVE A STAMP

For your convenience when office is closed: Feel free to use the mail slot located to the left of the front door at the municipal building for tax & water payments, pet license renewals, etc.

WINTER IS COMING

- Adopt a fire hydrant. Keep fire hydrant clear of snow this winter!
- Please remember to remove all snow and ice from the sidewalks within 12 hours of daylight after snowfall.
- Once roads are plowed snow or ice cannot be placed, thrown or blown back onto roadway. Please support the efforts of our Department of Public Works.
